**UNIVERSAL GOLF FOUNDATION**

The Universal Golf Foundation was established in 2005 by U.S. based developer Club Acquisition Company (CAC) owned by J. Patrick Butler for the express purpose of financially supporting various entities and charitable causes in México.

**MISSION STATEMENT**

The mission of the Universal Golf Foundation is to promote the economic well-being of our community by funding projects that improve the health and education of its youth.

THE UNIVERSAL GOLF FOUNDATION is a Mexican registered non-profit organization that qualifies for tax exempt status in both the USA and Mexico. Based in San Felipe, Baja California, Mexico it is focused on improving the region by funding projects that improve both the education and health of its citizen.

In hosting annual golf tournaments in San Felipe, Baja California, the Universal Golf Foundation has donated more than \$150,000.00. Some of the benefactors are COLLEGIO DE JESUS SCHOOL, SAN FELIPE EDUCATION SCHOLARSHIP FUND and EJIDO EDUCATION SCHOLARSHIP FUND & LA FAMILIA DE PACO.

Education funding is critical to the long term health of both San Felipe and of Mexico. There are two reasons for this. First, with a good education, Mexico will be able to develop the quality of citizens to successfully manage a growing country. Second, without the availability of good schools, talented managers will not bring their families to the area.

Currently many of the students attending Colegio de Jesus School are there on scholarships provided by the Universal Golf Foundation. We donated the land and majority of the funding to build the school in 2005. We currently have 114 students enrolled.

Your support and donations to the foundation go entirely to the charities involved. The needs are great, and the opportunities to participate in this special program are many.

Please take this opportunity to not only support the future of our community but enjoy a day of golf in sunny San Felipe at our championship course. Please join us.
